DETAILED ACTION

Claims 1-16 are allowed. The following is an examiner's statement of reasons for allowance: regarding claims 1 and 9, the specific limitation of a latching mechanism comprising an actuator button, which is depressed, causing both the first and second handle members to spring out, is an improvement over US Patent 6,669,497, since the claimed invention only requires one action (i.e., depressing the button) and not two actions (i.e., turning or depressing a knob or button and sliding another member). These elements or steps are not taught or suggested by the prior art references. Claims 2-8 and 10-19 depend, either directly or indirectly, from the independent claims and are therefore allowable for at least the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Anthony Q. Edwards whose telephone number is 571-272-2042. The examiner can normally be reached on M-F (7:30-3:00) First Friday Off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Lynn D. Feild can be reached on 571-272-2800, ext. 35. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
